3. A spotted Simon Carter silk tie (£40, Selfridges) is perfect for the man who likes to say "I

know about style but I have nothing to prove." Christian Grey would love it.

4. Hubo Boss Just Different after-shave (from £52, [Houseoffraser.co.uk](http://Houseoffraser.co.uk)) is mainly enough to impress but won't overpower his wife's Jo Malone.

5. Life's Little Luxuries hamper (£29.90, [lhampers.co.uk](http://lhampers.co.uk)) includes artisan chocolate-chip biscuits, dark-chocolate caramels, jellybeans, cake, nuts and a bottle of red. Well, who wants to diet in January anyway?

6. A bottle of Jack Daniel's Whiskey, engraved with a personalised message (£44.95, [Thewhiskyexchange.com](http://Thewhiskyexchange.com)). How rock'n'rolol is that?

7. A Collezione cotton jumper with cashmere (£29.50, M&S) will give him a touch of Italian style without him even realising (before long he'll even be wearing it draped round his shoulders).

8. A four-bottle gift pack from the highly rated Bath Ales craft beer range-ideal for relaxing at home with a quiet pint (£10, [Bathales.com](http://Bathales.com))

A good book, an embellished bag or a romantic Christmas lunch could be wonderful presents for her [PH]

## For her

1. A voucher for lunch for two at the five-star Montcalm Hotel, London, will give her a warm glow for less than the price of a bad Christmas jumper (£39, [Virginexperience.co.uk](http://Virginexperience.co.uk))

2. The Audrey Hepburn Collection (£13.50, Amazon) features every girl's favourite star in her greatest roles. It's sure to cheer up even the gloomiest January.

3. A PIXI alchemy palette (£24, [Beautybay.com](http://Beautybay.com)). There are so many eye shades, she can have a new every day.

4. NARS' Baiser de Feu bold lip kit (from £35, Selfridges). It's glamorous useful and comes from a designer make-up label. What's not to like?

5. Bridget Jones: Mad About The Boy (£7.59, Amazon) is sure to raise a smile - unless she's more of a literary type, in which case go for The Goldfinch by brilliant novelist Donna Tartt (£9)

6. Letters of Note (£25, [Waterstones.com](#)) is a fascinating collection of the finest epistles ever written. Did she know that the first recorded use of "OMG" was in a letter to Winston Churchill?

7. A Next embellished clutch bag. (£24) It goes nwith everything and looks amazing under glitter ball.

8. Oatmetal cable finger-less gloves (£22, [Mintvelvet.co.uk](#)). They're cosy and chic, and she can text her thank yous without getting frostbite.
